

Just imagine this scene. The bus conductor asks the passenger, "Where do you want to go?" and the passenger replies, "I don't know". How funny! Actually these kind of funny incidents are happening around us. Millions of people are not aware of where they are going. Though it is hard to believe, it is the fact. Dear brother/sister, "Do you know where you are going?"

This life is a journey. We began this journey on the day we were born. This will end when we die. Do you think our life will end up when we die? Certainly not. Would you say "If a breath is lost everything is lost?" If life is just a breath (air), can we pump life back into a dead

body using cycle pump? It is not possible. So life is not just air. Then what is life? Life is the real you, that is your soul. When your body dies your soul emerges out of your body and only the body is buried in the grave. So where can your soul go? You will have only one of the two places to go. Heaven or Hell. If you had obtained forgiveness for your sins and lived a godly life, refraining from sins you will go to heaven where God lives and there live with God forever. But if you had lived a sinful life you will end up in hell where devils live and suffer there eternally.

It is not important how much wealth or fame we own in this world. What is essential is that we must think about our end and life after death. We can take a train journey for example. Some passengers travel with reservation for berth and a few others with reservation for seats. Whether we travel by berth or seat we all have to end our journey when our destination comes.

How long are you going to live? Your life span may be 70, 80 or at the most 100 years. When your life's journey is limited here, how can you afford to live without knowing where you will go after arriving at the station of death?

Everyone born in this world is a sinner. Irrespective of the religion or race we belong to, we are all sinners. God created man good. But n,

man disobeyed God's command and became a sinner. If you die without your sins being forgiven, you will go to hell and suffer there endlessly. No man has the ability to remove your sins from your life. All your acts of charity, pilgrimages, bathing in sacred rivers cannot help you earn forgiveness for your sins.

God came into this world to deliver man from sin. And His name is Jesus. The name "Jesus" means "one who forgives sins". Jesus who is sinless took upon Himself the sins of the whole world, shed His blood and died on the cross. On the third day, He rose again to life. He lives today and forever. Jesus alone has the power and authority to forgive your sins. If you ask Him, He will forgive your sins and make you His child. You don't need to spend money to obtain forgiveness of your sins. Jesus gives it to you freely. So, what should you do?

Here is an easy thing you need to do:

First, admit that you are a sinner. Next, realize that your good deeds will not eradicate sins from your life. Thirdly, believe that Jesus alone shed His holy blood and died for you on the cross and that He is risen.

Finally, pray this following prayer sincerely. Then Jesus will forgive your sins; give you peace of mind and bless you.

Prayer :

Jesus, I accept you as my God. I am a sinner. Please forgive my sins and accept me as your child from today. Give me peace of mind. Help me to live a godly life without committing sins. Thank you Jesus. Amen.
